

## Recieve a free compliance audit/inspection for your organisation

The RMSS Suite is a combination of four integrated modules covering the workflow areas of risk management, event management (risk occurrence or incident management), compliance management and claims management. We would like to offer you a unique opportunity to experience the efficiency and value of the RMSS compliance management tool by completing a free audit or inspection in your organisation including generating follow-up reports and showing results, statistics and identified compliance actions.

While there is no limit to the types of audits or inspections that the module, **compliancemanager** can manage, we have provided a selection of preconfigured audits below for you to select from:

<b>ISO 14001-2004</b>	Environmental Management Systems
<b>AS/NZ 4801</b>	Safety Management System (NSC International)
<b>ISO 9001-2001</b>	Quality Management System
<b>ISO 9001-2008</b>	Quality Management System
<b>ISO 18001</b>	OHSAS (Occupational Health and Safety)
<b>ISO 4006-1992</b>	Software Test Documentation
<b>ISO 27001</b>	Information Security Management
<b>ISO 27002</b>	Information Security

**There is no software required, nothing to download to your PC and no credit card details needed.** We would simply like to offer you the chance to use this internationally renowned product at no cost over the time period of one month.

### **Dont miss this unique opportunity!**

Follow the relevant link below to register your details online and select the audit you would like to undertake. Following registration, a representative from RMSS will be in contact with you to discuss the next steps. You will recieve a short training instruction manual on how to use the compliancemanager module and online training webinars will be conducted daily during the period of use.
